Our philosophy contends that animals experience pain and suffer emotional trauma. Their measure cannot be assessed by economics. They are entitled to legal rights, moral and ethical consideration including loving concern, medical treatment and protection. As advocates for animals and enforcers of their rights we will provide the well-being of our communities animals who are abandoned, injured and subjected to cruel treatment. Our Mission is to bring awareness to the sharing of our world, to assist in bonding with people and the animal kingdom and to instill respect and appreciation for all living creatures.

We will continue to control the feral cat population, provide medical care, prevent the spread of disease, provide food and daily care for our managed animals.

Please remit \$20 annual membership dues. Tax-deductible on your 1040 tax form.
